OBJECTIVE

Passionate Front-End Developer with a creative eye for design and a strong commitment to delivering exceptional user experiences. Proficient in HTML, CSS, JavaScript, Bootstrap and React JS, I bring fresh perspectives to web development projects. Eager to collaborate with dynamic teams and contribute innovative solutions that captivate users and drive engagement.

EDUCATION

Fellowship school of science Jun 2018 – Mar 2020
H.S.C 63.85%

Saffrony institute of technology Jul 2020 – Jun 2024
Bachelor of Engineering in Information Technology 9.12/10 CGPA

WORK EXPERIENCE

Cognitive Pixel Sep 2024 – Present

Jr. Software Developer

- Live Analytics Dashboard – Monitor campaign performance, traffic sources, and conversions in real-time with interactive charts and visualizations.
- Dynamic Form Inputs – Users can easily fill in KPIs (e.g., impressions, CTR, conversions, ROI) with auto-save, validation, and conditional logic.

Creatpix infotech Jan 2024 – Jun 2024

ReactJs and Shopify Developer

- Real-time API handling with React.js.
- Dynamic web page related using React.js.

CreArt Solutions Aug 2023 – Nov 2023

Php Developer Intern

- PHP Laravel.

Infolabz I.T. services pvt. ltd. Jul 2023 – Aug 2023

Data Science Intern

- Data Analytics.
- Data exploration and visualization.
- Data visualization using Matplotlib.

PROJECTS

Affiliate Marketing Dashboard

- Implemented real-time updates for metrics like impressions, click-through rates (CTR), leads, and ROI using React.js and REST APIs.
- Enabled advanced features like KPI goal setting, auto-save inputs, and conditional logic for enhanced decision-making.

SpeechtoText Converter - React JS

- Elevated communication and productivity through contributions to VoiceText Pro, the foremost Speech to Text Converter app. Demonstrated a strong appreciation for the significance of spoken language, serving as a catalyst for effortless speech-totext conversion.

SpotifyClone - JS

- Designed and developed a robust music streaming application akin to Spotify using JavaScript. Leveraged cutting-edge web development technologies to seamlessly integrate advanced features, including real-time audio playback and personalized playlists for users.

NewsApp - React JSI

- Architected and crafted a dynamic, user-centric news application using React JS. This innovative app showcases real-time news articles from diverse sources, elevating the browsing experience with search functionality and neatly categorized news sections.
